SYNDIGUARD

ADVANCED TECHNOLOGY MOUTH GUARD

APPROVED BY : FRENCH LAB - CRIT

WITH BEST IMPACT SAFETY STANDARDS **XP S72-427**

-More than twelve months of research and development

-Dozens of amendments and testings with appointed laboratory to obtain certification

-Using the **SYN6** technology, SYNDIGUARD PRO is the latest development in term of gum shield

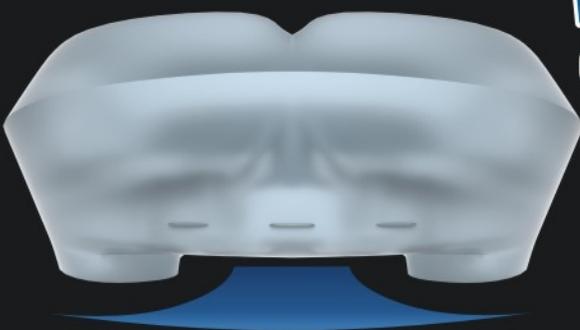

SYNDIGUARD PRO combines improved performance and even more safety for the player

We are proud to be NFXS-S72-427 approved, the first certification launched for mouthguard in europe!!

Thanks to its breathing front space, among other technical innovations launched, the syndiguard pro will allow the player to breath even keeping his jaws tight to prevent serious dental injuries.

This will allow him to improve his performance during the efforts, without compromising with his safety
